

M - 218

MIX M - 218 subwoofer delivers extreme sound quality for incredibly realistic, full sound and superb performance.

Designed with 02 speaker bass - FaitalPro Neodymium 18HP 1060 - Italy, 18inch (50cm), it will be an extremely suitable speaker line for professional sound systems. The speaker firm is made of effective super-waterproof material, with the actual power level of 2400W, helps to bring powerful sound quality.

The product is designed and evenly distributed with ventilation ports for extremely good bass resonance and help reduce noise in the speaker, helping to deliver the warmest, truest sound. The speaker cabinet is made of high quality birch wood, which is durable and sturdy, the outside is covered with a flexible plastic paint to protect against water and scratches effectively. The front is designed with steel net that protects the speaker film and helps the sound to easily escape and prevent the speaker from sound blocking.
